

# BOTOX MODEL CALL

## Experience:

You will receive a personalized Botox treatment targeting 3 classic areas based on your facial anatomy and muscle movement. This is a full-treatment model call — areas are not chosen individually and will be determined by the injector to achieve balanced, natural results.

Treatment will be provided by our expert injector and your appointment will take approximately 30 minutes total. A follow-up visit will be scheduled 2 weeks later for reassessment and any necessary touch-ups.

## Investment:

\$650 // \$200 off regular value

## Requirements:

- Must be medically cleared for treatment
- Must consent to before & after photos/videos
- Must be available for both initial appointment and 2-week follow-up
- Must be comfortable receiving treatment as designed by the injector (not area-specific requests)

## Application:

Fill out the application form linked in our bio to be considered.

Submitting an application does not guarantee selection.
